

Versameb to Attend Biotech Showcase 2022

5 January 2022, Basel, Switzerland: Versameb AG (“Versameb”), a pre-clinical stage company focused on discovering and developing innovative RNA-based therapeutics, today announces that it will be attending [Biotech Showcase: The Investor Conference for Innovators](#) on 10-12 January 2022. The Versameb team will be attending virtually.

Versameb’s pipeline includes lead candidate programs in Stress Urinary Incontinence (SUI) and solid tumors. Versameb is working towards the completion of a first in-human/proof-of-concept clinical study while advancing its *VERSagile* platform.

If you would like to meet with the Versameb team virtually at the above event, please contact us at the details provided below. For more information, please visit us at www.versameb.com/upcoming-conferences-events

-Ends-

About Versameb

Versameb AG is a privately held biotechnology company focusing on discovering and developing innovative RNA-based drugs for modulation of protein expression, including the ability to simultaneously influence several therapeutic targets, in a controlled manner, with one molecular construct, and cellular targeting. Based in Basel and fully operational from 2018, the company is led by an experienced scientific and leadership team with proven expertise in drug discovery and development from lab bench to patient. Versameb’s proprietary technology platform, *VERSagile*, optimizes the application of functional RNA in different disease contexts – making RNA druggable in new therapeutic areas others have been unable to solve. The pipeline includes lead candidate programs in Stress Urinary Incontinence (SUI) and solid tumors. Versameb is working towards the completion of a first in-human/proof-of-concept clinical study while advancing its platform. More information on Versameb can be found at www.versameb.com as well as on [LinkedIn](#).

About Biotech Showcase

Biotech Showcase™ Digital is an investor and networking conference devoted to providing private and small- and mid-cap biotechnology companies an opportunity to present to and meet with investors and biopharmaceutical executives.
